Dennis J. Carlone,

I have been a resident of Cambridge for over 25 years, and I am writing to ask you to support the movement calling for the city of Cambridge to stop purchasing from Hewlett Packard Enterprise and Hewlett Packard Inc. until they end their support of violence and denial of rights to immigrants and Palestinians through the sale of their technology. Cambridge has a long history of supporting human rights and international law, and I hope this will continue. Boycotts are a peaceful and positive way to bring change in the struggle against discrimination and human rights violations.

Thank you for your consideration,
